- Monitoring spaces and tools designed or utilized for patron technology instruction or use
- Develops and conducts instructional computer classes for patrons
- Developing and implementing experiential “Train-the-Trainer” models for staff to provide technology assistance and training to patrons
- Assisting patrons in use of technology

Minimum Qualifications:

- MLS or MLIS from ALA accredited institution
- New York State Public Librarian’s Professional Certificate required at time of employment
- Two years professional librarian experience preferred
- Demonstrated ability to create and develop measureable outcome based programming

Schedule:

Full time-35 hours/week
Includes evenings and Saturdays
Sundays on a Voluntary Basis

Starting Salary Range:

The minimum starting salary is \$53,260 with full benefit package commensurate with experience and qualifications.
