Last Days of Night
by Graham Moore
JANUARY 30
The miracle of electric light is in its infancy. Thomas Edison has won the race to the patent office and is suing his only remaining rival, George Westinghouse, for the unheard of sum of one billion dollars.

To defend himself, Westinghouse makes a surprising choice in his attorney: he hires an untested twenty-six-year-old fresh out of Columbia Law School named Paul Cravath.

Life After Life
by Kate Atkinson
FEBRUARY 27
Ursula Todd was born in 1910 and is fated to die and be reborn over and over until she “gets it right.” The author hopsscotches through time, circling back to offer alternate versions of Ursula’s life to deliver a clear understanding that one life can take different avenues, and what a difference that can make.

The Rosie Project
by Graeme Simsion
MARCH 27
Don Tillman is a brilliant yet socially-inapt professor of genetics, who’s decided it’s time he found a wife. In the orderly, evidence-based manner with which he approaches all things, he designs the Wife Project to find his perfect partner. When he meets Rosie Jarman, Don easily disqualifies her as a candidate. But Don becomes intrigued by Rosie’s own quest to identify her biological father, and an unlikely relationship develops.

Silver Linings Playbook
by Matthew Quick
JANUARY 31 (book chat) and FEBRUARY 7 (film)
The riotous and poignant story of how a man who has lost everything - his house, his job, his wife - reconnects with himself, and creates his own silver linings from the bonds he forms with his family and friends.

Me Before You
by Jojo Moyes
FEBRUARY 28 (book chat) and MARCH 7 (film)
Louisa ‘Lou’ Clark lives in a quaint town in the English countryside. Taking a job at the local ‘castle,’ she becomes caregiver and companion to Will Traynor, a wealthy young banker who became wheelchair-bound in an accident.

The Invention of Hugo Cabret
by Brian Selznick
MARCH 28 (book chat) and APRIL 4 (film)
When a wily and resourceful boy discovers a secret left by his father, he unlocks a mystery and embarks on a quest that will transform those around him, and lead him to a safe and loving place he can call home.

Our Storytime Format
Children’s language development is likely to progress more rapidly when they are given frequent opportunities to be read to. Language development is the process by which children come to understand and communicate language during early childhood. Our Preschool Storytime programs will help them develop speech and language skills before Kindergarten. They will be taught simple songs and nursery rhymes, and develop hearing, speech, and cognitive skills.

...Levels is for teens 7th grade and up* -- teens decide our events and projects, and create projects they want to see happen! If you’re a teen, you can come to one of our weekend events or daily workshops, do some gaming on our laptops and iPads, or just hang out with friends, do homework, etc. We also do several fully-staged theatre productions a year, traditionally directed, produced, designed and performed by teens, we have a recording studio, 3D printers, video production facilities and more! And our adult staff of experienced working artists (in areas that include theatre, music, video, visual art and dance) can show you how to create almost anything you could imagine! We’ve been giving the teenagers of Great Neck a place to do amazing things since 1974, so come check us out!

* Starting June 1 of every year, 6th graders entering 7th grade in the fall can attend!

SPRING THEATRE PROPOSAL MEETING
MON., JANUARY 14 from 7:30-9:30 p.m.

Levels does three (sometimes more) fully-staged theatre productions a year, all proposed and voted on by teens themselves, at meetings like this one! Everyone gets a voice, even if it’s your first time here. Past Levels shows have included Mel Brooks’ THE PRODUCERS, RENT, LITTLE SHOP OF HORRORS, FIDDLER ON THE ROOF, original plays by students and many, many more! Musicals and non-musicals can be proposed, and each person can propose more than one show if they like. Proposers should make sure they’re very familiar with the show(s) they’ll be presenting and can answer questions about them. (Please note: most shows that are currently running on Broadway and in off-Broadway theatres are not available for amateur groups yet.)

AT LEFT: Scenes from our 2018 student-run production of the Tony® Award winning musical THE DROWSY CHAPERONE!

LEVELS HACK-A-THON
FRI. & SAT., MARCH 1 & 2 from 7:30-11:00 p.m.

Do collaborative and creative coding challenges in this two-day coding sprint! 7th-grade-and-up teen hackers of all experience levels are welcome – come problem-solve, develop apps and software projects, and make new friends who are into coding!

CRAFT FOR A CAUSE
MON., JANUARY 28 from 6:30-9:30 p.m.
MON., FEBRUARY 25 from 6:30-9:30 p.m.
MON., MARCH 25 from 6:30-9:30 p.m.

EARN COMMUNITY SERVICE CREDIT! Use your crafting skills to help out a worthy charity, and fulfill your community service hours for school! We’ve painted murals for a children’s hospital, made valentines for veterans, put together blankets for needy children and more! (REGISTRATION IS REQUIRED)
