

We are living through a historic global event. Help us document how the Great Neck Community is coping with these times.

The Great Neck Library would like to introduce our **MicroHistories** project. Members of the Great Neck Library community will be able to document short videos (around 30 seconds) of what their daily lives are now like.

The Library will edit together multiple videos, to create a video document of our community during this crisis. The videos will be shared through the Library's website and social media. **If you would like to participate, please send a 30 second video clip to: videos@greatnecklibrary.org.**

In the body of the email please include your first and last name. You will receive a form authorizing the Library to use the video. **You must respond YES for us to use your video.** Please do not include any footage of children under the age of 18 years old.

If you have any questions please email: jcrossfox@greatnecklibrary.org.
