

Notice of Exposure to a Communicable Disease

We have just been notified that a patron who visited the Main Library, located at 159 Bayview Avenue, on November 4, 2020 has tested positive for the novel coronavirus, also known as COVID-19. The patron was in the Media area.

This area, as well as the entire building will be sanitized by our professional cleaning company. We will continue to enforce social distancing, mask wearing, providing hand sanitizer and promote hand-washing for the safety of all patrons and staff.

If you have any concerns, we recommend that you reach out to your health practitioner. More information on COVID-19, including symptoms and treatment, visit the CDC website at www.cdc.gov.
