Committee member.

Candidate Statement:

As an Analyst, I have learned to listen to the customer to find out their needs. As a member of the Library Board of Trustees, I will talk to the Library patrons and not lose touch with their needs. I will strive to meet the Library’s financial goals without compromising the quality of service we have become accustomed to. I am firmly rooted in the community, fiscally responsible, and not afraid to say no when necessary.

Committee member.

Candidate Statement:

With major renovations nearly completed, the next phase of library growth should focus on outstanding services and innovative programs for our diverse community. The Board of Trustees can create a framework for the new library director to provide long-term stability and leadership. As a Board member, I will further support such goals by fostering a transparent and collaborative relationship with both library staff and patrons through open communication.

Committee member.

Candidate Statement:

I have served as a Trustee since 2018. With major renovations nearly completed, it was during my tenure that the Board helped our libraries move to a large, involved, evolving and interesting fully functioning system. As Chair of the Building Committee, I have moved the capital improvement projects from the planning stages towards groundbreaking and completion. As a trustee, I will be steadfast in our joint pursuit of this library system of educational excellence.

Committee member.

Candidate Statement:

I stand for transparency and accountability for the taxpayers. I will work with the Board of Trustees to establish that our library policies are current with technological changes and in our patrons’ best interests. Additional goals are to boost membership, more community involvement and common sense budgeting for district needs.

Committee member.

Candidate Statement:

I obtained a library card when I was six. Fast forward to now, I’m a college student, and I’m still reaping the benefits of my library card! The library provides invaluable resources for our community. I’ve perused books, borrowed museum passes, taken practice SAT exams, attended Regents review classes, and even learned ASL at the GNL! The GNL has evidently impacted my life, and it would be a privilege to serve on the nominating committee.

Library Services Update (as of 8/13)
Computer use and the STEM Lab require appointments at picktime.com/greatnecklibrary

PLEASE NOTE: Appropriate mask wearing (covering nose and mouth) is required regardless of vaccination status.

Book donations are not being accepted during this time.

Tables with socially distanced chairs are available at all locations for seating and studying. Patrons are asked to clean their work area with library-supplied wipes.

Holds will be held for 5 days, after which they will be canceled.
Curbside pickup is ongoing!

Library ELECTION INFORMATION - see front for candidates
