

All items eligible for renewal will begin automatically renewing Thursday, December 15, 2022!

Automatic renewals are tied to the notices that remind you when something is about to be overdue, and typically go out three days before an item is due. The text will read

“Some items may have been automatically renewed if eligible.”

If the item has been automatically renewed, the word **RENEWED** will appear with a new due date.

OCLC interloan items will not be included at this time. You may renew them online or by calling the library. Most other items will renew for 6 times. Patrons with library cards with a delinquent status (billed item, more than \$10 overdue fines, address or Collection Agency block, etc.), Museum Passes, and items that are on hold for another patron are not eligible for renewal.
