- Since our Technical Services Manager has resigned, I have taken on those responsibilities and duties. In addition to supervising staff, the role is that of a Systems Librarian includes the management of our integrated library system, cataloging, acquisitions, serials, circulation, online catalog, reserves, etc. I have had meetings with several vendors involved in these processes and will be continuing training in all of these areas to ensure smooth operations.
- I attended 12 hours of virtual training from our vendor Innovative in order to be able to perform the complex duties of the former Technical Services Manager.
- We continue to review policies and procedures.
- I reviewed and approved several staff performance evaluations.
- I reviewed and approved vacation, leave, FMLA requests.
- I had several meetings with various staff to resolve HR questions, queries, and issues.
- We continue to post, interview, and make recommendations for hire for open funded positions.
- The Great Neck Library continues to accept donations of new and gently used books in good condition at all locations. Patrons leaving their information when they donate receive a letter of gratitude.
- I have been having a weekly meeting together with the department and branch heads so that all program and initiative information is shared.

- I have been working on finalizing plans for continuance of services for Parkville patrons.
